

Morgenstern Center For Orbital and Facial Plastic Surgery

Plastic Surgery

123 Bloomingdale Avenue, Wayne, PA
805 Estelle Drive, Lancaster, PA

610-687-8771 | morgensterncenter.com

With more than 20 years of experience and advanced training, Dr. Kenneth Morgenstern is one of the few physicians in the U.S. who has trained in general/trauma surgery, plastic surgery, craniofacial surgery, cosmetic surgery and ophthalmology. He is certified by the American Society of Ophthalmic Plastic and Reconstructive Surgery, accredited by the American Academy of Cosmetic Surgery and the American Academy of Facial Plastic and Reconstructive Surgery, and is board certified by the American Board of Ophthalmology.

His practice has been recognized by the "Talk of the Town" for their excellence in customer satisfaction several years running. Dr. Morgenstern has been awarded Peer Reviewed Physicians Top Doc, Top Docs of Suburban Life, America's Top Ophthalmologist and Best Doctors in America.

Dr. Morgenstern is an associate professor at Wills Eye Hospital and Jefferson University, and continues to write, publish and lecture both nationally and internationally. He holds several patents on a novel medication that prevents scar tissue formation in the tear drain system after chemotherapy. Dr. Morgenstern is also the secretary of education for the American Society of Ophthalmic Plastic and Reconstructive Surgery where he oversees 64 fellowship training programs worldwide and is in charge of the oral and written exam process for acceptance into this elite society.

The Morgenstern Center prides itself on delivering natural results with a high level of patient satisfaction. Services include face and neck lifting, brow lifting, upper and lower eyelid blepharoplasty, facial laser treatments and multiple non-surgical and minimally invasive facial rejuvenation techniques. They perform reconstructive surgery for eyelid and facial trauma, tearing, facial and orbital tumors, droopy eyelids and skin cancers. Each patient is treated as an individual with unique issues and receives personalized solutions.

Kenneth Morgenstern, MD, FACS
